I just telephoned to try to set up a time for myself and several Board Members to meet with John of his designee at which time a verbal presentation of this info and discussion of how we might work together could be held. I think we may also try to bring our City Council Deputy (CD 11). The group could be 7 in number. ASAP (but not this week) is good. We should need to move ahead rather deliberately if we are going to get this done before \$2 million in funding becomes available.

I can be reached at (310) 417-9030.

Thank you Christopher.
